CleanTech® EVO Wall

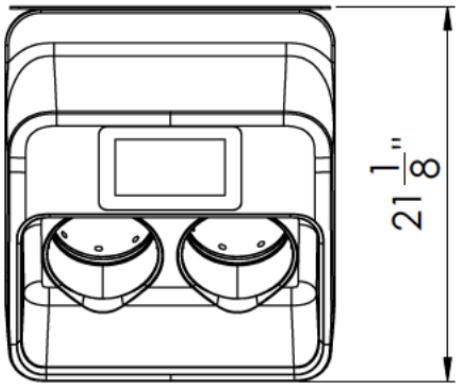

Single Station Wall-mounted Automated Handwashing System

The EVO Wall is an automated hand hygiene station that easily fits into commercial front of house or back of house areas as well as industrial hygiene zones with a sleek wall-mounted design. Each CleanTech® Automated Hand Wash removes more than 99.9% of pathogens in just 12 seconds to keep employees, consumers and visitors safe and healthy.

Features

- 12–second wash and rinse cycle activates automatically via infrared photo-optical sensors
- Compliance monitor automatically counts number of hand wash cycles
- Designed for high–use areas
- CIP friendly with NEMA 4X electronics enclosure
- Washes up to mid–forearm
- Full colour display with wash cycle countdown timer and hygiene tips for employee training and education

Benefits

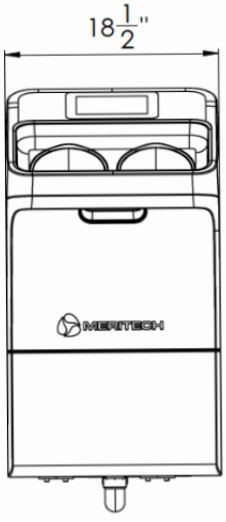

- Ensures hygiene SOP compliance
- Removes 99.9% of dangerous pathogens
- High throughput up to 12 employees per minute
- Uses less water than manual hand washing methods
