

HOSE REEL, SS, FOR 3/4" X 50', 150 PSI, WITH JUMPER HOSE KIT MODEL # 224178-AH

OVERVIEW

This professional-grade, heavy-duty hose reel will accommodate a 3/4" ID hose up to 15.2 m (10.3 bar maximum water/solution pressure). A multi-position, locking, ratchet mechanism secures the hose at the desired length and spring assisted retraction takes the effort out of coiling heavy hoses. Stainless steel construction offers non-corrosive performance in demanding industries. Includes inlet jumper hose, but does not include discharge hose.

KEY FEATURES

- This heavy duty, stainless steel hose reel is the ideal way to keep hoses neat, tidy and safely off the floor
- Accommodates rinse hoses or chemical solution discharge hoses from Lafferty Foamers and Sprayers (up to 3/4" I.D. x50') -- Discharge hose not included
- Rated for up to 10.3 bar water or solution pressure
- Includes a 3/4" ID x 6' jumper hose to receive water or chemical solution from the source
- Stainless steel construction and a heavy-duty steel base ensure strength, safety, corrosion resistance, and durability
- Electro-polished stainless steel finish
- Automatic hose retraction via a non-corrosive stainless steel cartridge-style spring motor
- Permanently lubricated precision bearings allow for smooth operation
- Multi-position lock ratchet mechanism secures the discharge hose at the desired length
- Adjustable guide arm allows for various mounting options: wall, floor, ceiling, vehicle, etc.
- Pinch-proof, four-way, guide-arm rollers allow the hose to be pulled from the reel in any direction
- Adjustable hose stop prevents full hose retraction and allows for quick, easy access to hose-end tools

OTHER ACCESSORY OPTIONS (SEE SIDE PANEL)

- Stainless Steel Sanitary Hose Racks # 224150
- Polypropylene Drum & Tote Sticks # 491643 - # 491654
- Jug Lid (1&5 Gallon) with Suction Tube # 709101
- Metering Tip Driver # 443790
- Water Pressure/Flow Test Kit # 336340

REQUIREMENTS

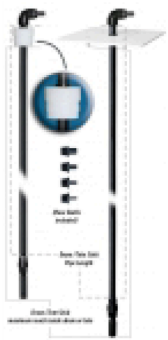

- Recommended Discharge Hose
 - Max. Length: 15.2 m
 - Max. I.D.: 3/4"
 - Max. O.D.: 1-5/32"
 - Max. Pressure: 10.3 bar
 - Max. Temperature: 65.6° C

APPLICATIONS

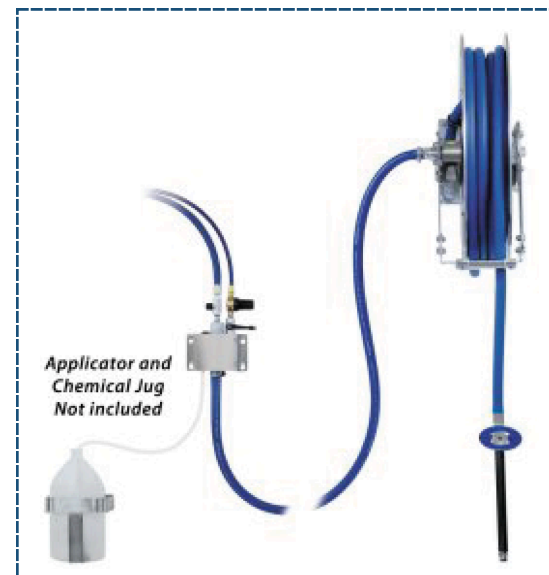

- Food & Beverage Plants
- Manufacturing Facilities
- Service Vehicles
- Agriculture/Horticulture
- Dairy
- Hatchery
- Industrial
- Metal Processing
- Paper Mill
- Pressure Wash
- And Many Other Applications!
