HYDROWHIRL® MINI

Small Rotary Nozzle
Stainless Steel

TANK WASH

DESIGN FEATURES

- ✓ Fluid-driven, self-flushing
- ✓ Durable compact design, maintenance-free
- ✓ Made from FDA-compliant, 316L material
- ✓ Suitable for food applications
- ✓ PEEK slide-bearing for greater longevity
- ✓ Threads available: 3/8" NPT/BSP female

SPRAY CHARACTERISTICS

- ✓ Vigorous spray action
- ✓ Spray Angles: Complete 360° spray coverage, other spray angle patterns available upon request
- ✓ Flow Rates: 11.4 to 33.8 L/min
- ✓ Max Temperature: 130°C
- ✓ Filtration: Line strainer with a mesh size of 0.3mm/50 mesh

Contact us for additional connection types

The HydroWhirl® Mini tank cleaning nozzle directs the cleaning water through a rotating head at the tip of the spray assembly and produces a vigorous moving spray action against all areas of the tank wall.

The spray pattern from the HydroWhirl Mini® head uses impact and repetition to wash the tank quickly. Its compact size makes it ideal for food processing equipment cleaning including pipe and bottle cleaning and cleaning dispensing equipment.
